

**SONOMA COUNTY
MEDICAL ASSOCIATION**

Business Partner Program

Your direct access to the Sonoma County medical community

Sonoma County Medical Association's Business Partner Program is dedicated to offering special services or discounts to SCMA member physicians on various products and/or services designed to support the business and personal needs of practicing physicians. Our Business Partners play an important role in helping us serve the medical community and increase the value of SCMA membership.

Access

- Your products and/or services will be constantly in front of physicians and medical professionals in Sonoma County.

Promotion

- Your marketing pieces will be featured in SCMA publications, displayed in SCMA's office, listed on our website and distributed at all membership programs and events.

Referrals

- Physicians will be actively referred to you by phone, website and SCMA publications.

Partnership

- You will be associated with the oldest, largest and most respected physician community in Sonoma County.
- You will be supporting a vibrant, active local organization that physicians find valuable to the success of their practice.

SONOMA COUNTY MEDICAL ASSOCIATION

The Sonoma County Medical Association, a component of the California Medical Association, is a nonprofit, professional physician membership organization. Established in 1858, our membership consists of medical doctors representing all medical specialties in Sonoma County.

The medical association has a reach of more than 1,500 practicing physicians and their staffs in offices and organizations throughout Sonoma County. We support local physicians and their efforts to enhance the health of the community and the profession. SCMA collaborates directly with Kaiser Permanente, St. Joseph Health, Sutter Health, other medical groups, and governmental agencies on initiatives and programs that address public health concerns.

Through CMA, SCMA advocates for physicians and their patients on healthcare issues and on new legislation and health policy debates at community, state and national levels. **Together, we are a strong, united voice for healthcare.**

PARTNERSHIP PROGRAM

SCMA's Business Partnership Program plays an important role in serving the physician community. Physicians look to SCMA to provide solutions to their practice and personal needs, since they often have limited time outside of demanding professional commitments. SCMA publications are the ONE resource all physicians check for information.

SCMA partnership plans are your opportunity for targeted exposure and marketing. Approval as a Business Partner confers credibility with a broad physician audience throughout Sonoma County, and is a highly effective means of creating ongoing visibility and developing relationships with potential clients.

APPLICATION / PROPOSAL
