About the Film
This 65-minute documentary tells the real story of how the health care system in Canada turned out to be so completely different from that in the United States, given that at one point they were essentially the same:

- How it originated
- How it works for ordinary Canadians
- How it is paid for
- How it compares to its American counterpart

AFTER THE MOVIE
Explore questions about the Affordable Care Act in California and how California can make healthcare accessible and affordable to all.

Screening: 7:05pm ~ Discussion: 8:10pm
